## 2009 Racing

Do you feel the need for speed?

Want to compete for Melbourne University against other, less speedy, universities?

MUSKI has a proud reputation as being an excellent competitor. In 2008 we won both the Victorian and Australian University Snowsports Championships.

The MUSKI race program comprises of the Victorian Intersvarsity Championships 23rd & 26th July, the Australian University Championships in NSW (or possibly the New Zealand Uni Games to compete against some Kiwis over the ditch), and MUSKI cup at Buller (Aug 21 & 23). Please email [freshtracks@muski.org](mailto:freshtracks@muski.org) if you are possibly interested in travelling to the NZ Unigames or if you would prefer we went to AUCs, both trips would be around \$1200.

In '09 we are looking to include more social and competitive races for our snow-bound members. Racing experience is not essential at all & the more competitors the better.

Also in 2009, we are launching our new SkiiFit program. On Tuesdays and Thursdays at 4.30pm behind the Sports Centre we'll join for a session of ski-related fitness activities to get you looking hot for the mountains. This training is suitable for any fitness type and non-skiers are even encouraged & so if your pals share your vision of one day soon looking as ripped as Bruce Lee, bring them along.
